Closing Prayer - Rev. Mark David

Magnificent and Magnanimous is our God,

For, of all the Micro-organisms on this Mote of dust, suspended in this Multiverse, He chose us to gift You to–

A Miracle of Maternity; the Mould of all things Motherly –

Bestowing light and love in quanta which, Millennia from now, we still would not be able to see.

May you know that your Might was a beacon in our galaxy,

May you know that, should our words ever fail, we pray that our actions demonstrate our love for you abundantly.

This earthly existence was only the beginning of our story's arc;

For, it is forevermore written in the stars that,

By the hand of that Magnificent and Magnanimous God,

Our souls will one day be reunited, and we will continue to bask in the boundless love, Of our Matriarch of March.
